

Dear Brother/Sister in Islam, Assalamu Alaikum

**Subject: Request to assist on online Quran memorization programs by providing our unique recitation videos through your website.**

By the grace of the Almighty, we have been produced series of videos on the recitation of the Holy Quran. These videos are highlighting the text portion along with recitation. These types of videos are comes ever first in history! There are separate videos for each surah and pages.

By utilizing the light version page videos those highlighting the Quran text, Quran.surf introduced 'World Wide Online Qur'an Hifz Program - WWOQHP'. Its 'Guide to Learn' method conducts through lots of WhatsApp groups. These groups are runs by the persons who already memorized the Holy Quran. Qur'an schools and colleges are also participating on this endeavor. We have been getting registration from different part of the world for this program. If God Bless, it is capable to make thousands of 'Qur'an Memorizers' around the world! If there are only surah videos, it will not be easy to handle them via whatsapp. Our page videos and many supporting things make things easier than imagine. This program also has a method for 'self study'.

**Our request:** At present, we are forced to use affordable web hosting for our website. So it is impossible to handle huge traffic. Furthermore, the presence of 'Covid 19' makes direct study methods impossible worldwide. In these types of situations, we request you to provide our videos via your website. You can download these videos from our website by registering on our website. There has no restriction from our part on delivering them with or without our supporting documents. We highly desire to make them widely available. According to the available knowledge, there is no other source for these types of videos for the recitation of the Holy Quran.
